Think about what actions in the building the staff could take, brainstorm ideas.

\*Something easy to get things off the ground is use the CAT to get everyone to wear red on Friday. How about increasing meeting attendance at the next union meeting?

Use this to get started and then think of other activities.

Ideas to activate your school	What steps do CAT members need to take?	How do you know it was done?	How are you documenting your activity?
<b>Ex. Wear CTU RED on Fridays</b>	CAT members reach out, face to face and via text and/or email to inform the people on their list about wearing red on Friday and why.	Members are wearing red. Go through your list, did everyone on your list wear red? Follow up with those that didn't, remind them about it for next week.	Take a picture! Post on fb and twitter @ctulocal1
